

DUTCH ELM GOLF COURSE

What is the Men's President's Cup?

General Info

The Men's President's Cup is a head to head 18 hole net match play event. You will be drawn randomly into a bracket of other members. Once the bracket has been drawn, you will play an 18 hole match against your opponent. If you win, you move on to the next round. If you lose, better luck next year!

IMPORTANT: Each player is required to have an established handicap to participate

Match Details

You will be responsible for scheduling matches with your opponent. Please contact the Pro Shop if you need contact info. Matches are 18 holes of net match play. For example, lets say that Player 1 is playing against Player 2. Here are the scores for the first hole:

- Player 1: 5
- Player 2: 6

Without taking into account any strokes, Player 1 would win this hole with the best score of a 5. Therefore, Player 1 would be 1up.

Because all matches are NET match play, lets look at an example with strokes (this is how it will be when you play a match). Using the same scores as the example above, lets say that Player 1 receives no strokes, and Player 2 receives 2 strokes. Your calculation would then look like this:

- Player 1: 5 - 0 strokes = Net 5
- Player 2: 6 - 2 strokes = Net 4

We can now see that Player 2 would win this hole with the best NET score of a 4. Therefore, they would be 1up.

Handicap Calculations

****Maximum handicap allowance will be determined by player index on the first day of the first round. If your handicap goes up during the tournament you are restricted to the index from the start of the tournament. If your handicap goes down you must use your current index.***

Before any match begins, please be sure that all players in the match agree on the stroke allocation BEFORE YOUR ROUND BEGINS! Please follow the steps below to calculate the correct number of strokes:

Step 1.) Open/Download USGA GHIN App (link:

DUTCH ELM GOLF COURSE

Step 2.) Click on "Handicap Calculator"

Step 3.) Search for Dutch Elm Golf Club and select it

Step 4.) Ensure that 18 Holes is selected at the top of your screen, and clear all other golfers that are listed (other than yourself)

Step 5.) Under "Handicap Allowance" select 100%

Step 6.) At the bottom of your screen, select "Add Golfers" and add your opponent

Step 7.) After your opponent has been added, ensure that the correct tee is selected (tee information can be found below)

Step 8.) Each player's allotment of strokes is now displayed under the "S.O." column on the right of your screen

IMPORTANT: You will notice one player will receive 0 strokes. This is because the stroke allocation is based off of the lowest handicap.

To allocate the strokes for each player, refer to the Handicap Rating on each hole. in other words, if someone is getting 10 strokes, this mean that they will receive 1 strokes on the 1 through 10 handicap holes

IMPORTANT: Be sure to refer to the handicap rating on the tee that you are playing

Tee Details **IMPORTANT:** You must declare your designated tee prior to the start of the tournament. You may not change at any point.

Men - White

Senior (70+) - Green

Registration/Draft Details

Draft: 6/3/26 at 6:30pm

Cost

The cost to enter is \$20 per person. Payment is due when you register. No registrations without payment will be accepted. The entry fee does not include any cart rentals.
